

**Agnihotri College of Engineering**  
Nagthana Road, Wardha  
**Department of Electrical Engineering**

**Program Specific Outcomes**

**PSO 1** :-To identify, formulate, design, and investigate complicated engineering issues involving electric circuits both analog and digital, control systems, electrical machines, and power systems, apply the basic principles of science, mathematics, and engineering.

**PSO 2** :- Use the appropriate methods and modern electrical engineering hardware and software tools to pursue lifelong learning and adapt well to multidisciplinary environments.

**PSO 3** :- Skilled about how professional engineering solutions affect society, the environment, and professional ethics.
